

January 11, 2011

File: 0321240

Notice: To all Anglemont Water Division customers of Anglemont Utilities Ltd.

Further to our notice of October 25, 2010 with respect to the interim water tariff amendments effective November 1, 2010, an information package has been prepared and is available for viewing through Harvey Lister & Webb's website www.harveylisterwebb.com with a link to "Anglemont Water Division". Customers have until February 21, 2011 to view the package and/or submit any comments to this office. Sometime after that date the Deputy Comptroller will issue a final Decision with Reasons and Order on the Water Tariff amendments.

As mentioned in the October 25, 2010 notice, the rate increase is necessary for the Utility to cover all forecast operating, maintenance and administration costs, including some urgently required extraordinary repairs and maintenance, and to set aside funds each year in the Replacement Reserve Trust Fund (RRTF) to ensure some funds are available to replace water system components when required.

Billing and bookkeeping will continue to be done by Harvey Lister & Webb in Penticton and system operation by Interior Utility Management Ltd. Overall management will continue to be done by this office, for which there will be no charge to the customers.

Yours truly,

Rick Couroux, Secretary to the
Deputy Comptroller of Water Rights

Ministry of Natural
Resource Operations

Water Management Branch
Utility Regulation Section
